Any Intersession/Summer course cancellation that occurs after registration begins requires completion and approval of the cancellation form, on page 2 of this procedure. This applies to every cancelled section, even if it has no enrollment. The form should be routed from the departments to the Dean for College approval. If approved, the form will be routed to the Office of the Provost for University approval. If approved, the Provost will route the form to the Registrar’s office for course/section cancellation.

While approval is pending the department may contact the Registrar’s office and request that no additional students be allowed to register in the section. After the section is cancelled, the department must contact any registered students to advise them of the cancelled section and offer advice and assistance.

The governing paragraph in the 2008-2011 Collective Bargaining Agreement is 23.6.6. Departments should become familiar with the requirements of this paragraph before initiating action to cancel any course section that is scheduled in an Intersession or Summer Quarter.
