

## College of Engineering and Computer Science

### BRANDEBERRY CAREER DEVELOPMENT CENTER

***The Brandeberry Career Development Center's goal is to ensure that our internships are mutually beneficial for both participating employers and students' learning experience. Internship experience has become an expectation to many employers as they provide a working foundation of practical application for students entering the professional world.***

*Creating a beneficial*  
**INTERNSHIP  
EXPERIENCE**

*for prospective*  
**EMPLOYERS**

The Brandeberry Career Development Center is dedicated to enhancing access to experiential learning for the students in the College of Engineering and Computer Science. The internship program is for students looking to supplement their classroom education and gain the real-world experience necessary to be competitive in today's workforce.

“We have been 100% satisfied with the Wright State students that make it through our internship interview process”

– Michael Bennett,  
Booz Allen Hamilton

## What we do

- » **CONNECT EMPLOYERS** with students to best meet your organizational needs
- » **DISTRIBUTE INTERNSHIP AND CAREER** job postings directly to CECS students
- » **INSTRUCT EGR 1900: Exploring Engineering Internships** to prepare students for job-seeking skills, workplace ethics, and career development
- » **DISSEMINATE BI-WEEKLY NEWSLETTERS** with corporate partner spotlights
- » **COLLABORATE** with campus career partners to host recruiting and networking events
- » **PROMOTE** the use of The Wright Search, the university's résumé referral database
- » **TRACK AND MAINTAIN CONTACT** with past internship sites
- » **ARRANGE CAREER PREPARATION** workshops and information sessions with employers to assist with a student's job search
- » **ESTABLISH ON-GOING PARTNERSHIPS** through our Corporate Partners Program

## Connect with us

**“ Wright State students have been very qualified when they come work for us – in most cases it works out that after students intern, they are offered a full-time position after graduation ”**

– John McCormick,  
Heapy Engineering

## Our Network

In addition to enriching the first-class education the College of Engineering and Computer Science has to offer, the employer partnerships developed by the Brandeberry Center supports our commitment to advancing our students' ability to utilize their skills in a professional setting. Many of our participating employers consider interns as a source of procuring full-time employees after graduation.

From internships to professional placement, the Brandeberry Center will collaborate to create a network of partners. This network, which includes our College's faculty, campus career partners, and prospective employers, is meant to ensure the relationships formed are long-lasting and beneficial for everyone involved.

**“ We want our interns to get a taste for a wide variety of topics so they have a better idea of what they want to go into upon graduation ”**

– Sarah Gehret,  
Emerson Climate  
Technologies, Inc.

## INTERNSHIP POPULARITY AMONG STUDENTS CONTINUES TO INCREASE

**65%** OF THE NATION'S INTERNS IN 2014

*received full-time job offers by employers*

**79%** OF INTERNS NATIONWIDE

*accepted full-time job offers with their internship employers*

After one year,  
employers retain about

**3/4**

of their new college hires who have internship experience
