Ph.D. in Engineering Program
2018 First-Year Assistantship
Information for Advisors and Applicants

New students entering the Ph.D. in Engineering Program in Fall 2018 are invited to apply for a 2018 First-Year Assistantship. Students will be selected based on their academic record and potential for success. Award of these assistantships is conditional on available funding.

Selection Criteria:
- Minimum Undergraduate GPA: 3.5
- Minimum Graduate GPA: 3.7
- Strong research potential
- Preference will be given to students who have completed an M.S. degree or at least 45 hours of graduate credit before Fall 2018
- Students application to the PhD in Engineering Program

Additional Information:
- Students must complete an application and submit the following:
  - Letter of nomination from Dissertation Advisor
  - Description of current or proposed research project (at least 100 words)
  - Résumé or Curriculum Vitae
- Faculty nomination letters should address the following issues:
  - How will the student be supported in the second year and beyond?
  - Will there be funds available so the student may travel to conferences?
- All assistantships are for one year and include tuition waiver.
- Stipend will be determined subject to available funding.
- Contracts will begin in Fall 2018 and continue for up to one academic year.

Application Deadline: Friday April 13, 2018

Recipients will be selected by the Ph.D. in Engineering Student Affairs Committee.
