

Assessment of Learning Outcomes—Exit Interview

Student's Name: _____ Date: _____

Focus Area: _____

Note: On the reverse side of this form, please list current contact information.

Career Plans: (Are you currently employed? Have you applied for a position, been interviewed, received any offers, or accepted a position in industry, in academia, or with the government?)

Curriculum: (How well has the independent research experience prepared you for real-world challenges? How well have the graduate courses prepared you in gaining advanced knowledge in the field? What are the top three courses in the program perceived as providing the knowledge and skills necessary to solve technical problems in the focus area?)

Interactions: (During the course of your research, have you interacted with other faculty at WSU and DAGSI partner schools, government sponsors, others?)

Assessment of Abilities Related to Outcomes: (How many articles have you written or co-authored? How many conference papers have you presented? What honors/awards/recognition have you received for your work?)

Faculty: (Did you perceive the dissertation advisor to be competent, caring, and supportive?)

Facilities: (What are the best and worst things about the College and Labs and Research Infrastructure?)
