GRADUATE WAIVER PETITION – Computer Science and Engineering

<u>Course Requirement Waivers and Substitutions</u>: A waiver or substitution allows students entering with a master's degree or transferring credit to apply courses taken at other institutions toward degree requirements. The waiver of a requirement or substitution of a course does not decrease the number of credit hours required in the program.

Student Name _____ UID _____

Waiver sought for Wright State University course number (one course per form): _____

Please print or type the following information in the space provided below:

Course Number:	The number of the course as it appears on your official transcript.
Course Title:	The complete title of the course.
College/University:	The location where you took the course (the college/university must be of documented acceptable stature).
