

Master of Science in Computer Engineering
PROGRAM OF STUDY
Effective Fall 2012

Student's Name: _____
Last
First
Middle

University ID Number: _____ Projected Completion Date: _____

Thesis Thesis Advisor: TBD/ _____
 Non-thesis

Degree Requirements:

- Completion of all prerequisites identified upon admission to the program
- Completion of the Computer Engineering Core Courses
- Completion of a minimum of 30 credit hours of graduate coursework, of more than half are in CEG
- Completion of the thesis or non-thesis option curriculum

Computer Engineering Core Courses

Choose a course from each category	Course #	Hours	Course Title	Waived	Trans	Grade	Sem/Yr Taken
CEG-7350 or CEG-7450							
CEG-7030 or CEG 7360							
CEG-7370 or CS-7700							

To complete the program, the requirements for the remaining 21 hours are determined by the selection of the thesis or non-thesis option.

Thesis Option:

- Maximum 9 hours of thesis and maximum 3 hours of independent study.
- Minimum 9 hours of formal coursework, of which maximum 6 hours can be at 6000 level.

Non-thesis Option:

- Minimum 18 hours of formal coursework, of which maximum 6 hours can be at 6000 level.
- Maximum 3 hours of 6000 level can be independent study

Remaining 21 Hours

Total Hours Accumulated in Program	
------------------------------------	--

Total Hours Required for Graduation	30
-------------------------------------	----

A student's program of study must be approved by the Department of Computer Science and Engineering and the Graduate School. Students must satisfy all Department, College, and University requirements for graduation.

Transfer Credit: A program of study may contain at most 9 hours of transfer credit and at most 15 hours taken at Wright State in non-degree status.

Dismissal rule: A graduate student with GPA lower than 3.0 who accumulates more than 6 hours of grades C, D, F, or U in computer science and computer engineering graduate courses will be recommended for dismissal from the degree program.

Listed below is a summary of the requirements graduate students must complete to earn a Master of Science in Computer Engineering degree at Wright State University.

1. Have an approved Program of Study on file.
2. Complete the requirements for the graduate degree within 6 calendar years.
3. Achieve a cumulative grade point average of at least a 3.0 in all courses taken for graduate credit.
4. A graduate student in the thesis option must be registered in the semester the thesis is defended and present an approved thesis to the Graduate School.

The Department reserves the right to revise the program of study in response to changes in the field and in the curriculum.
