

Ph.D. in Computer Science and Engineering
PROGRAM OF STUDY
Effective Fall 2012

Student's Name: _____
Last
First
Middle

University ID Number: _____ Projected Completion Date: _____

Course Requirements:

- Completion of all prerequisites identified upon admission to the program
- Completion of 60 (90) hours for students entering the program with a master's (bachelor's) degree, including:
 - Completion of the Computer Science or Computer Engineering Core Courses
 - Minimum 27 (9) hours of formal coursework if admitted at B.S. (M.S.) level
 - Minimum 18 hours of residency research
 - Minimum 12 hours of dissertation research
 - Minimum 1 journal paper or 2 conference papers accepted or published

Three Courses, Either Computer Science Core or Computer Engineering Core

Dept. Name	Course #	Hours	Course Title	Waived	Trans	Grade	Sem/Yr Taken

Nine (Three) additional formal CS/CEG courses at (7000/8000 level) for students entering with B.S. (M.S.)

Dept. Name	Course #	Hours	Course Title	Waived	Trans	Grade	Sem/Yr Taken

Additional hours, including independent study

Dept. Name	Course #	Hours	Course Title	Waived	Trans	Grade	Sem/Yr Taken

Additional Requirements

Dept. Name	Course #	Hours	Course Title	Waived	Trans	Grade	Sem/Yr Taken
CS/CEG	8930	1	Qualifying Exam				
CS/CEG	8960	1	Candidacy Exam				
CS/CEG	8990	1	Dissertation Defense				
CS/CEG	8940	18	Residency Research				
CS/CEG	8950	12	Dissertation Research				

All prerequisite courses assigned upon admission have been successfully completed	Yes/No/NA
---	-----------

Publication requirement has been met – attach documentation	Yes/No
---	--------

Total Hours Accumulated in Program	
------------------------------------	--

Total Hours Required for Graduation	
-------------------------------------	--

A student's program of study must be approved by the Department of Computer Science and Engineering and the Graduate School. Students must satisfy all Department, College, and University requirements for graduation.

A complete description of the requirements of the program may be found in the *Department of Computer Science and Engineering Graduate Policies* in the department office or online. Following is a summary of some of the requirements graduate students must meet in order to earn a Doctor of Philosophy degree in Computer Science and Engineering at Wright State University:

1. Have an approved Program of Study on file.
2. Complete a minimum of 90 credit hours (60 hours if entering with a master's degree).
3. Complete 27 graduate hours in formal courses (9 hours if entering with a master's degree). In addition:
 - a. complete the Computer Science or Computer Engineering core.
 - b. complete 18 hours of residency research and 12 hours of dissertation research.
 - c. one journal paper or two conference papers accepted or published.
5. Satisfy the Ph.D. qualifier requirement.
6. Pass the Ph.D. candidacy exam.
7. Successfully defend the dissertation.
7. Submit an approved dissertation to the Graduate School.

The Department reserves the right to revise the program of study at any time in response to changes in the field and in the curriculum.
